Dear Valued Partners,

We are thrilled to announce that our daughter company Carso pharm will change legal name and will henceforth be known as Salus. Name unification marks our vision to become the preferred choice for pharmaceutical companies in the Central and Eastern European (CEE) region, offering a comprehensive range of services under one name.

Acting under the same name is a pivotal step in our journey to enhance our offerings and solidify our position as a comprehensive pharma solutions provider.

The Reason Behind the Change

Salus Group is evolving from its previous role as a link between manufacturers, hospitals and patients to a full-fledged commercial partner for the CEE region.

Carso pharm is vital component of Salus Group, serves as the commercial muscle with a well-established presence in the CEE. Added value lies in Carso pharm team of highly-qualified, experienced, and dedicated professionals with in-depth knowledge of the region and pharmaceutical industry.

This unification allows us to bring together the expertise of both Salus and Carso Pharm to offer a more comprehensive and specialized service under one name.

Our Ambitious Future Plans in CEE

Our ambitious plans for the future involve elevating the quality and range of commercial and distribution services we provide to our pharmaceutical/biotech partners. We are committed to pushing the boundaries of innovation and excellence to meet your evolving needs and expectations.

Together, we will achieve new heights of success and redefine the standards of excellence in improved healthcare across CEE.
